

At their meeting on January 13, 2011, the City Council adopted the following Value Statements:

**Fragrance Free Facilities**

**The City of Yachats supports sustaining healthy indoor air quality. In the interest of promoting the health and safety of the City's citizens, staff and visitors, City facilities open to the public are encouraged to maintain a fragrance-free environment. Please refrain from using scented personal care, laundry, and cleaning products. Thank you for your consideration of others in providing an environment in which every person can feel safe and comfortable.**

**Plastic Water Bottles**

**Yachats is a village that values natural resources. Water packaged in plastic bottles and transported from remote locations consumes unnecessary fossil fuel resources and creates a lasting waste management problem not only for our community, but for the entire planet. Therefore, the City Council requests that users of the Yachats Commons and other City properties refrain from the use and sale of water contained in plastic bottles.**
